Buckley Town Football Club - Help us design our next badge!

Buckley Town FC and Buckley Town Junior FC are now one club, providing junior players with a clear pathway through to the 1st Team and beyond - we now have well over 400 players in 34 teams including 6 Girls' teams and not forgetting the mighty Under 5 mini-kickers!

And we have exciting news – it's time for a new Club badge, and we'd like you to help!

We've decided to run a competition for anyone in the Buckley Town FC catchment area to help us come up with the inspiration for our new Club badge. This new logo will be used across everything from our website and social media to the signage at our home ground, The Globe, and on the playing kit for all age groups for next season and beyond.

The winning design, selected by a panel of judges, will be used as the basis for our new badge, which will then be professionally built by a graphic designer. The winner will receive £100 retail vouchers (of their choice), a bunch of Buckley Town FC merchandise (including a team shirt) and a family season ticket for 2 adults + 2 children to watch our home JD Cymru North matches during the 2021-22 season at The Globe!

To help you come up with your design, we have listed a few things we think the badge should include but feel free to add your own twist!
