

Betsi Cadwaladr University Health Board are working with the six North Wales Local Authorities to look at ways of working with families / carers of children and young people under the new ALNET Act

(Additional Learning Needs and Education Tribunal (Wales) Act)

To help us get it right, we would like to hear about your experiences and any ideas you have to make things work better.

Is your child involved with health services? For example, Nursing, Health Visitors, Occupational Therapists, Community Paediatricians, Speech and Language Therapists, etc.?

If so, we would be really grateful to ask your opinion about what works well / doesn't work for you in relation to how you are able to engage with the services.

In particular we would like to ask you: if you needed information or had slight concerns what would be helpful to you?

We are hosting a virtual chat and cuppa session with STAND North Wales CIC on:

Thursday 30th June 11.30 am – 1.00 pm

It would be really good if you could join us
