● Na fuaswn / No	3
● Maybe / Efallai	11

Gweler sylwadau y bydd rwan yn ein helpu wrth drefnu SchoolCloud i'r dyfodol. Diolch am eich adborth ac eich syniadau. Below are some comments that will now help us organize SchoolCloud in the future. Thank-you for your feedback and ideas.

We thought it was brilliant. So much easier with children and tea time.

15 minutes might be a better time slot rather than 10 if possible.

Have the option still for face to face evaluation should regulations/restrictions allow it. Some people like to see people face to face.

Aeth pob dim yn grêt!!! DIOLCH

Miss being able to see the children's work and their school environment, so maybe an open evening with no appointments to look around, but still do online parents' evening

Offer a double appointment if there are issues to discuss. I missed not seeing their workbooks. Although it was very convenient I think I still prefer face to face meetings, especially as my husband couldn't join in remotely as we had technical issues so he feels he has missed out.

Just make sure it is more reliable and that maybe an issue that school cloud need to sort as oppose to yourselves.

Dim. Diolch i'r staff am eu hamser.

Just make the time longer

Nothing.

Prefer in-school parents evening or telephone call. Not keen on video calls.

I thought the parents evening went well. It meant parents could attend from work and different locations. The disadvantage was you couldn't see examples of work.

Earlier in the school year would allow some intervention if needed

Longer to establish connection or an alternative connection if not present. Other connections work just not this

Dim byd. Llawer gwell a haws ar lein, wedi safio gymaint o amser!!

I encountered unexpected technical issues which only became apparent when first attempting to join the video call. Up to this point everything had gone well. I lost about a third of the available slot trying different solutions. It would have been helpful to have been able to have a trial run at

connecting to the video solution in advance of the actual parents evening call, to iron out any technology challenges.

As Meithrin parents, we haven't even had the chance to come in the school since our daughter started (of course we understand why!) so it would be nice to actually visit our child's classroom and have a proper chat with the teacher next time.

Hwyrach defnyddio MS Teams neu gyfrwng arall sy'n fwy sefydlog.

Dim byd-roedd yr un cyntaf yn gret!

Add 2 minutes to the time slot

Additional time for SEN / ALN pupils or those where concerns were raised in particular year 6 pupils who would need additional support in high school.

Worked well for pupil who is academically able with no issues at school.

Slightly longer time slots ...maybe 15 mins to allow for tech issues.

15 minute appointments or providing questions in advance

Bod y system yn gweithio! Dwi ddim yn meddwl fod dyddiad geni fy mhlentyn yn gywir felly ni oeddwn yn gallu defnyddio r system.

Maybe offer a choice of virtual or face to face

Mi fyddai'n braf gallu cael mwy o amser i siarad gyda'r athrawon ond dwi'n deall efallai nad ydi'n bosib i wneud hynny. Mi fyddai defnyddio system debyg yn nhymor yr Hydref i gael siarad gyda athrawon newydd fy mhlant am sut mae nhw wedi setlo i fewn ar ol y gwyliau haf yn ddefnyddiol iawn

If safe to do so, it's good to have the opportunity to meet in person. Not all staff as comfortable with IT, harder to build rapport.. Schools connectivity can be problematic too.

Roedd yn hawdd iawn, diolch.
