

**FREE Sensory Story sessions for children aged 3-5 years with additional needs living in Flintshire via zoom**

During each Sensory Story session, a recognisable popular children's story will be read together, accompanied by a range of sensory items to use alongside the content of the story to stimulate the senses.

There will be a range of activities linked to the story to take part in together, further ideas sheet and songs linked to the story.

Children learn through all their senses and these sensory story sessions are a great way to stimulate their learning experiences.
