**FREE** sessions for young people with additional needs and disabilities who are accessing mainstream schools.

STAND North Wales CIC would like to establish an active online youth zone providing opportunities and activities for young people to meet and socialise with others in a safe space.

On our first session we would like to hear from you and find out what you would like the youth zone to look like and offer?

We would like it to be designed for young people by young people.

The project will be delivered by experienced and qualified youth workers.
